

PREMET® Cloud - 3 months for free with every purchase of a PREMET®

We offer our valued PREMET® customers a free trial using our performance cloud without any cost, without any obligation. The trial will give you full access to all functions of the PREMET® Cloud.

Start your free trial by registering your personal account. Just using your email and a password of your own choosing. Just visit www.premet.com/account/register

You can instantly trial the cloud with some demo data at: www.premet.com

We will be in contact with you shortly setting up your own account to upload your own data for free.

Uploading your data can easily be done with your new PREMET®X, with the PREMET® Viewer or simply via e-mail.

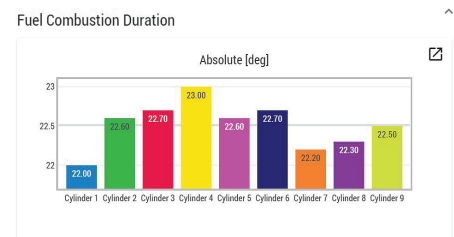

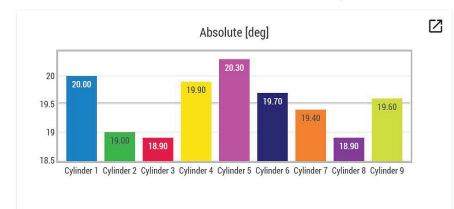

If you use this free trial, we also offer free personal video training. You can also use our instruction videos to get started.

We would love to welcome you at our cloud service and show you all the advantages.

Your benefits:

- Enjoy the full extend of the PREMET® Cloud for free.
- Most parameters of any DPA
- Seamless data transfer from PREMET®s devices
- Instant availability everywhere
- No strings attached.
- Get help from video-calls or our video guides.
